Wake up! News

Volume 2, Issue 2

Surviving winter

After an extreme rainy season we have had quite a cold winter over the last months with

frost in Windhoek and snow in the Khomas Hochland. The children came each day bundled up in layers of clothes. It was so cold in the classrooms that on some days we resorted to working outside in the sun.

From the Editor

Spring is round the corner in Namibia and with that the editor came out of hibernation.....

Sorry for the delay. Here is our news again!

A Big Thank You to Montessori School Noordwijk

The Sponsor Project by the Montessori School Noordwijk in The Netherlands raised over €6000.

Thank you so much to all the teachers, parents and children who selflessly put their energy into this fundraiser.

Watch us Work 2011

One Saturday morning in July, 23 pupils came to school with their parents/guardians to show them what Montessori in the classroom is all about.

Kitchen in progress

With generous Dutch assistance we have been busy transforming our kitchen into a professional workspace. The objective is to cater for the children (presently 28 children have lunch at school each day) and to exploit the kitchen for fundraising. We will embark on a baking project and start making muffins and biscuits for sale.

To coordinate this 'business on the side' we are looking for an energetic person to coach the cooks and set up the business.

Please contact us if you can assist!

IWAN donates again!

The International Women's Association of Namibia donated more learning materials, this time perspex geography puzzles manufactured in South Africa.

Sharing a proud moment
