From the Editor

Welcome to the fourth edition of our newsletter. After a long period of preparation we opened our doors on the 1st of February. We have started with a group of 16 children and intend to have doubled that number by the end of the first term. This group is settling into the rhythm and activities of the centre and starting to feel at home.

We are still busy putting things in order: the kitchen and office still need to be equipped and we would like to set up a garden. You can read more on our website, which is presently being revamped; from being a building project we have now moved into education. Teaching is finally happening!!!!!!

Open!

Although the centre opened on the first of February, we were only able to move into our new classrooms a week ago.

The sandpit and jungle gym are ready for use!

Wake up! Appeal

To cover the running costs of the centre, we need many friends to make a small contribution. If you can help, please visit our website and register as a Friend.
